

[Tanwayour minutes from August 2010]

Held August 1st at the first brigade practice after comic-con, so there was an especially lovely setup there.

We had seneschal, webmaster, deputy herald, exchequer and constable.

The exchequer reported there was a \$300+ profit from Tanwayour Anniversary, and that despite adversities the 2nd quarter report was turned into the kingdom on time.

There was also an informal poll about proposing volunteer activities at Calafia Anniversary, and it was felt that perhaps we should not continue to take all that fun and allow the other cantons in the barony to help out too. We'll practice learning how to relax.

The webmaster would like more material for our webpage, so we discussed resources that are available locally.

Submitted with respect,  
Maggie MacD.
