

Tanwayour Canton meeting minutes. June 1, 3pm

Ketill - Seneschal

Michael

eblenn - Exchequer

Agnes - A&S

Robyn - A&S deputy

Ellyn - Deputy seneschal

Seneschal: Congrats to lord Mongo, got his AOA. And to Lady Agnes for her serpents flame for wire weaving. Fia got knighted!! Also congrats to Lilly who got a serpents flame (augmented) for embroidery.

Rant is finished about the lack of a quorum last month. Bread and cheese was provided to appease the seneschal. He can be bought.

Off topic- go see Maleficent, it's awesome. (Eblenn)

He says he has spoken to Ellyn and she's agreed to replace him. She is unable to attend anniversary for some lame excuse. So she will step up in October at Leif Erickson.

Eblenn said that it wasn't her turn yet and Ellyn begged so they said ok.

A&S. We had our ~~first~~ second jam session with two attending. Potrero war happened and Agnes taught four classes and was in both bardics. She translated a 16th century German bawdy song for the bardic. Ellyn taught one class. Our first third Tuesday Arts night first ever class had five attendees. There was a demo in ginger ale by Agnes. The canton has reserved the library display case in August. So bring your stuff to show. We need a card for the display case, maybe 4x6 inches, with the canton web address. Ellyn will do it in calligraphy. Bring stuff to next third Tuesday arts thing. Agnes took first place and tied for third place in the wine and mead competition!!! Ellyn made the elevation clothes for Ty's pelican. Roderick made six gallons of hot apple pie - a hot adult beverage that will knock your sox off. Four handmade donations to the tear down volunteer raffle, and two donations to the A&S fundraiser donation.

Deputy A&S. Pleased with participation so far on third Tuesdays, had costuming consulting at the first one, a newby came and had some interesting misapprehensions on costuming. Current scribal projects are in the works.

Chatelaine: There is a small group of people from Tijuana and Rosarito that want to play SCA. Tanwayour cannot annex them, they need to contact Master Thomas, the Caid seneschal to see what they should do. Seneschal@sca-Caid.org.

We talked to maybe 25 pirate fringes in bedlam. Some interested and some not and some who don't want their friends to know they're interested.

At the last ren faire he talked to some households about the SCA. And some showed up at war. One of the things that ren faire people hate about the SCA is the high and mightily lords and the costume nazis. Ketill says to tell newbies about more of the one day events and maybe they'd prefer to come to one of those.

Chiurgeon. Oddly enough not a whole lot to say. My shifts were fairly quiet. On,y treated a couple of blisters and checked on one person for possible concussion. Volunteered 35 hours at war, all going to Tanwayour. Pretty sure all of Lost Soles hours are going to Tanwayour. And I got an AOA. It was a good war, much fewer incidents than last war, but a couple of interesting ones he wasn't on shift for. Miss you guys - greetings from GameStop. Agnes says the Chiurgeons saved her war, and says thank you!

Exchequer. Same amount as last time. Didn't spend any and didn't get any money. Around \$3000.

Herald - nothing to report. Hard to get to the meeting.

Scribe. I didn't make last month due to other obligations. Nothing to report. The seneschal has been belted for insubordination.

Webright. Our website is awesome. He's working on the page for 2014 Anniversary. It looks amazingly like the ones for the past several years.

Old business.

Canton Anniversary. Robyn contacted the provisioners guild and said to count on fifty people at \$5 a head. Needs authorization for \$250. Wants to charge \$5 for lunch and sell lunch tokens at gate. Reservations won't be offered. Site is paid for but doesn't have the receipt yet. Arts competition as well as the three fighting forms. No utes. The arts competition will be an overall display with people's choice as the winner. Prizes are the baldrics Eblenn will make. Marco was contacted for marshaling and he's contacted the forms and deputies. Eblenn will pick up small salad bowls for A&S people's choice tokens.

Ketill has the rope and has been working on them. Doesn't have the rings and they're out, so he's looking for Two inch ones.

New business. Date/location/time. First Sunday of July is Fourth of July weekend. Do we want to change? Nope. We meet July 6 same time, same place.
