

TANWAYOUR Canton meeting 10/15/12

Started at 6:04

Brothers restaurant is closed Monday evenings so we met at the Mona Lisa Restaurant in the same strip mall on Waring road. It was quite good.

Present: 7 officers, no other members, no newcomers

A&S - Agnes

Chatelaine - Roderick

Chronicler - Ellyn

Constable - Levi

Exchequer - Maggie

Herald -Mike

Seneschal - Ketill

Officer reports:

- A&S - has been quite busy:

Leif Erickson - taught Viking Wire Weaving with Beads

GWW - intro to Mead

Noted: Eugenia is stepping up as Baronial A&S and has asked if Agnes can run more A&S things at events. Agnes asked if that could be attributed to Tanwayour. She was given the go ahead to advertise that Tanwayour was running whatever she does teach. Eblenn can bring the dragonwing to set up for A&S stuff when possible, and if feasible.

Needs Medb's contact information to set up monthly A&S Jam Sessions - Ketill gave it to her.

- Exchequer - deposited all checks will email Seneschal with the balance.

- Herald - still doesn't have a tabard. Will call Eblenn to see if she has it.

- Demo - Tanwayour contributed a period pavilion, spinning display, Ellyn ended up running the fashion show, Levy took pictures of everything

- no other officers had anything to report

Old business:

- Warrants may be out of date - Agnes needs to fill out her intent to serve & Ketill will give her the forms. We need to check the other officers' warrants to make sure we're all legal. Does the chronicler need to be warranted? (I suspect so, but may be mistaken)

- Anniversary - stealth presentation? Approved a \$100 gift card plus award cord for Royals. Oliver and Kate should get something special since it's their last year. Award cord and something else?? we will follow up with this on the web. Anyone who wants to contribute should speak up. Unless the item is made during an official class it has to be a donation by the maker.

- Winter Arts - we want a table and need to back Agnes cause she's competing for Bard of Calafia; Ellyn will bring hand spun yarn and her spinning wheel; don't remember what anyone else said they were going to show. Ketill will be showing off his lucet technology.

Next meeting - 11 November, Brothers Restaurant, 12noon.
